FOUR BERTH *Macallan*

SPECIFICATIONS

Macallan can be driven on an ordinary car licence and has four sleeping berths and four seatbelts.

Powered by the Peugeot 2.2 Diesel engine, Macallan is just under six metres in length with a seven speed automatic gearbox. Furnished with innovative design to maximise living, dining and sleeping it offers a luxurious self-contained campervan experience.

The exterior is finished in sleek black with minimal branding, to ensure you feel she is truly yours. With the addition of the Off-Grid Power pack 'Goal Zero' petrol-less generator you can be fully off-grid.

The drivers cab is light and airy – featuring cruise control, air conditioning and a panoramic sunroof. There is also a DAB radio, bluetooth and complimentary unlimited broadband (3G/4G required).

Driver and passenger seats swivel to face the front lounge and dining area with compact seating and integrated table.

The functional kitchen is compact with sink, two ring gas hob and fridge freezer. Please note there is no oven or microwave. The bathroom features a sink with vanity mirror, separate shower cubicle and toilet.

The sleeping areas have two double beds, one fixed bed at the rear and the other is located in the the heated pop up roof, accessed via a ladder. This allows the upper bed maximum space for added comfort. Both beds have mattress toppers and protectors for extra comfort.

There is a free-standing HD smart television with Apple TV when utilising the cosy living space, or it can be turned to enable watching whilst in bed. LED lighting provides a bright space, reading lights and a BOSE bluetooth speaker are also as standard. There is WiFi capability, DAB radio and USB charging points to keep you connected.

We include a welcome pack of our Malt of the Month, cosy cabin socks and Scottish tablet (all to take home) and several 'weel-kent' route travel guides. There is also 24/7 technical support should you need it.

If you have any questions or futher requirements, please get in touch with us – we are only too happy to help.
